

A WORLD OF ADVANCED RESISTOR TECHNOLOGY

www.riedon.com

RIEDON QUALITY, SERVICE & DELIVERY

Riedon is dedicated to offering the best customer service and support in the resistor industry. Riedon works directly with customers to ensure that their needs are met effectively and efficiently. If we don't have the specific resistive products you require, our engineering team can design and build products to your individual requirements and specifications.

RESISTOR TECHNOLOGIES

WIREWOUND

- Resistance Tolerances to 0.005% (Precision)
- Excellent High Pulse Performance (Power)
- Excellent High Temperature Performance
- Non-Inductive Winding Available
- Wide Range of TCR Available
- Low Thermal Noise

THIN FILM

- Stable at Higher Frequencies
- More Economical Where High Resistances and Tight Tolerance Needed
- Low Inductance

THICK FILM

- High Voltage
- High Resistance Values in Small Size
- Good Moisture Resistance

FOIL

- Best Precision and Resistance Stability
- Low Inductance and Low TCR

SERVICE

- Personalized technical support
- 24 hour response to online quotes
- One-week lead time for sample requests
- Dedicated sales and customer service staff guide customers through product selection and on-going needs
- Flexible manufacturing enables Riedon to support both low and high volume orders with industry-leading delivery times

RESISTIVE SOLUTIONS

TO TYPE / CHASSIS MOUNT

PF1260

PF2200

PF2270

UAL

FPR2

	Technology	Power (Watt)	Resistance (Ohms)	Tolerance	TCR (ppm)	Applications
PF1260 (T0-126)	Thin Film	5–20	0.01–51K	1%	50	
PF2200 (T0-220)	Thin Film	10–50	0.01–51K	1%	50	
PF2470 (T0-247)	Thin Film	100–140	0.01–51K	1%	50	
PF2270 (T0-227)	Thin Film	200–600	0.1–100K	1%	100	
UAL	Wirewound	5–300	0.01–250K	0.01%	20	
FPR2 (T0-218)	Foil (CuNiMn)	30	0.002–50	0.10%	15	

CUSTOM DESIGNS

- Innovative answers to difficult resistor problems
- Custom-designed products involving both simple and major modification to our catalog products
- Customizations include: packaging, TCR, temperature range, lead forming, matched sets, resistor network and special testing

GLOBAL NETWORKS & MARKETS

Riedon offers manufacturing capability in the US, Mexico, China, Korea, Japan, India and Europe. We serve a wide variety of markets including Industrial, Medical, Instrumentation, Telecommunications and Aerospace/Defense, with sales and engineering support throughout the world through our representatives and distributors.

INDUSTRIAL

Power Inverters
HVDC-Systems
Lighting (LED)
Motor Control
Braking Systems
Power Supplies
Welding

MEDICAL

Defibrillators
MRI
X Ray
Fluid Heaters

INSTRUMENTATION

Smart Grid Metering
Gas Monitoring
Load Cells
Precision Scales
Temperature Sensors
Pressure Transducers

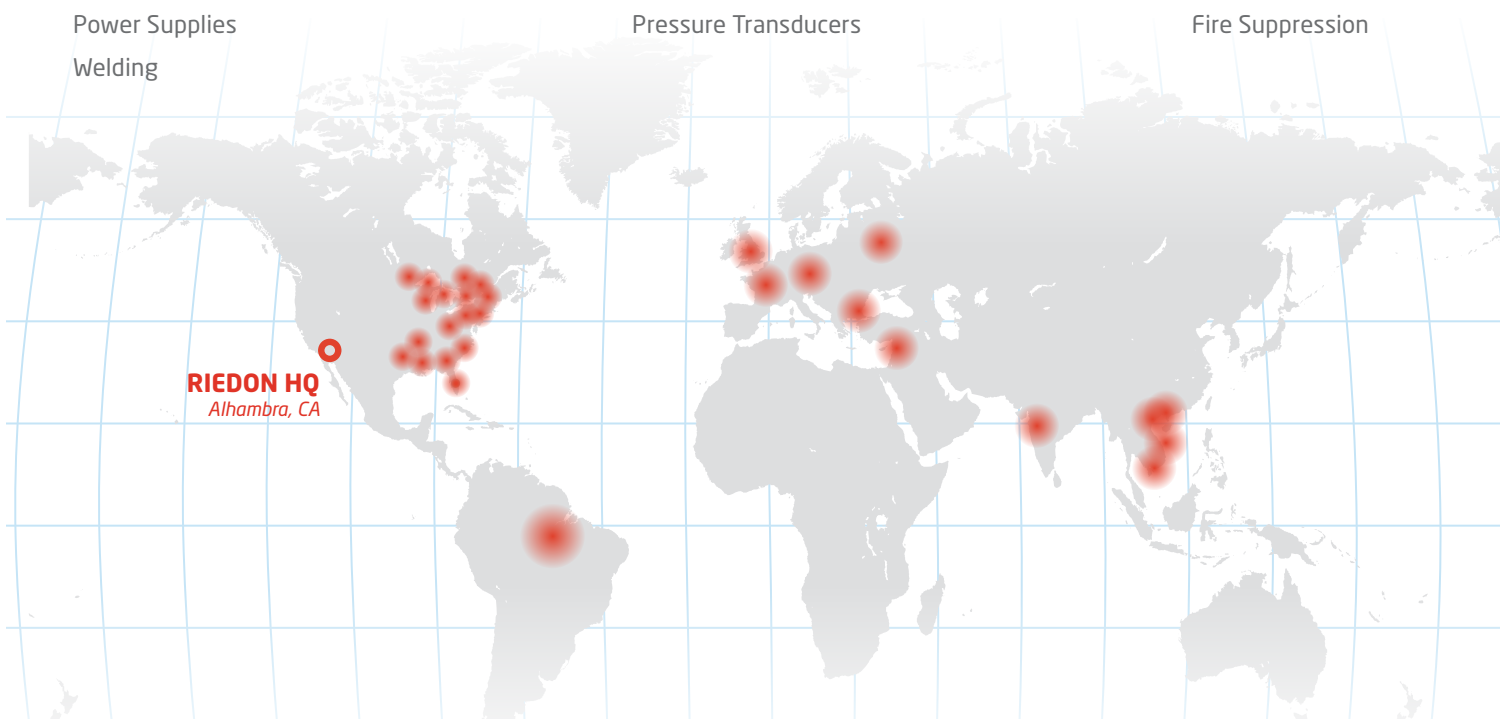

TELECOMMUNICATION

Base Station
Lightning Pulse Survival
Current Sensing

AEROSPACE / DEFENSE

Surge Protection
Engine Sensors
Data Recorders
Hydraulic Control
Temperature Sensors
Fire Suppression
